FIRE SAFETY INSIDE YOUR CARAVAN

- Do you know which is the best Fire Extinguisher to use inside your van?
- Do you have a Fire Blanket handy inside your van?
- Do you know which of the above is best for different types of fire?
- Do you know how to get safely out of your van in case of fire?
- Does your smoke alarm work?

These and many, many other questions will be addressed during our Fire Safety Presentation to be held on Sunday morning in the Gym.

This is a subject that each and every one of us should know about so come along and meet Peter and his team of Fire Fighters who will present a very informative and lively session to ensure your safety. This will be followed by a demonstration (outside, not in the sports hall) of how to use a fire extinguisher and a fire blanket.

Caravan Maintenance Talks

On Saturday afternoon Tony Van Ranst from West Coast Caravan and Trailers will give talks on caravan maintenance and safety.

The talks will be run at intervals through the afternoon and will be done on the oval at several caravans. Tony will be identifying some of the key areas to look after and providing information to help keep your van in tip-top shape.
